Pathway And Methods Of Use :

This is a decision on the renewed submission under 37 CFR 1.497(d) filed on 31 July 2008.

DISCUSSION

In a decision mailed on 31 March 2008, the declaration of the inventors filed on 02 April 2007 was not accepted, without prejudice, because

Applicants have submitted a declaration document in which the alterations to the information pertaining to inventors Ollmann and Licktieg has been initialed. However, these changes clearly were initialed after the declaration was signed. Attention is drawn to 37 CFR 1.52(c)(1) and MPEP 605.04(a).

In response, applicants have filed a declaration which overcomes the objections raised in the decision mailed on 31 March 2008. Therefore, since all of the requirements of 37 CFR 1.497(d) have been met, it would now be appropriate to grant the requested relief.

DECISION

The request under 37 CFR 1.497(d) is **GRANTED**, and the declaration filed on 31 July 2008 is **ACCEPTED** for purposes of compliance with 37 CFR 1.497(a) and (b).

This application is being forwarded to the Office of Patent Application Processing. Its date under 35 U.S.C. 371(c)(1), (2) and (4) is **31 July 2008**.
